Mr. Bacon also spoke in favor of sliminating the provisions requiring naterials of demestic manufacture, as he said it would by law force the government to buy of the trust at extortionate prices.

He remembered he said, hearing the Senator from Maine (Mr. Hale), on a former occasion, say the Steel Trust "had the opportunity to put the knife into us. He said the armor-plate could be made by only two or three concerns in the United States, and when the time came to build them they would have a combination and the country by law, would be at the mercy of the trust. Saying that some near him had said, "he was unwilling to trust the enemy with making our weapons of defense," Mr. Gore declared that the experts of the government could be depended upon to see to the quality of material purchased. If his amendment, he said, had been adopted, not a ton of steel would be purchased abroad.

REPRESENTATIVES CHOSEN

Next Stated Meeting to be Held in Blackstone in September. Reports of Churches.

After a very busy morning session, the East Hanover Presbytery closed its spring meeting at the First Presbyterian Church yesterday. The first matter of importance taken up was an overture sent down to all the presbyteries by the General Assembly, asking for a change in the law of the church in regard to commissions. The presbytery voted unanimously against the overture, preferring that the law remain as it is. The presbytery then elected the following as its representatives to the General Assembly, to meet in Greensbore, N. C., next month: The Rev. R. B. Eggleston, the Rev. F. F. Jones, Mr. R. H. Gilliam and Mr. George R. Cannon, with the Rev. D. K. Walthall, the Rev. F. W. Osborne, Mr. M. M. Gilliam and Mr. D. K. Kellog as alternates.

Declined to Approve.

A communication was received from the assembly's committee on home missions asking the presbytery to indorse a plan proposed for unifying the home mission work of the church. This plan practically abolishes the distinctions now made between the assembly's, the synod's and the presbytery's work by combining them all under one general management. The presbytery decilned to approve the plan.

The Rev. R. B. Eggleston was excused from acting longer as moderator of the Fairfield session, and the Rev. D. K. Walthall was appointed to fill the position. The Rev. Tilden Scherer was appointed moderator of Byrd session. These churches have no pastors.

BIG CAMP FIRE

Members of Third Section Enjoy Supper and Hear Witty Speeches.

The third section of the Richmond Howitzers highly enjoyed a supper and camp-fire last night at the residence of Bergeant G. H. Myers, Major Myers, of Norfolk, was toastmaster, and was equal to all jovial responses. Captain W. M. Myers, with his usual wit and humor, added to the pleasure of the occasion. Corporal Bannister responded to the toast, "The Ladies," in a most apt and experienced manner, Lieutenant Minson, in response to "A Soldier," set forth what a "horny and dare-devil life" lay before those present. Lieutenant D. Warrick drew a most harrowing prospect for "the tin soldiers in case of war," and Sergeant Rowsey spoke of the uses of leather in warfare.

Private Huchemann, the latest member of the section, made himself present before the end of the evening by proclaiming "the butinskys" as welcome guests, as they saved those expected by consuming considerable of the artillery punch. Phillips, the optician of the battery, though for certain reasons unable to see straight, promised accurate vision on consultation tomorrow.
